

# Research Experiences for Undergraduates Program\* in Physics and Astronomy at Louisiana State University

- 10 week research program
- Apartment-style housing provided
- Travel costs paid
- \$700 weekly stipend\*
- Weekly science seminars
- Professional development activities
- Tours (LIGO, CAMD, campus lab, swamp)
- Poster presentations

Research projects in:

- Astronomy & astrophysics,
- Relativity and gravitational waves
- Atomic/molecular/optical physics
- Quantum optics and computing
- Condensed matter and materials physics
- Nuclear and neutrino physics
- Nuclear physics
- Medical and health physics

May 26 – August 2, 2024 (Preliminary)

Apply by February 1, 2025
